

SILVERLAM

BACTERIA

BLOCKER

SILVERLAM IS THE INNOVATIVE ARPA HIGH-QUALITY SURFACES WITH ENHANCED ANTIMICROBIAL PROPERTIES ABLE TO INHIBIT THE GROWTH OF BACTERIA ACROSS ITS WHOLE SURFACE.

Laboratory testing has proven the prevention of bacterial growth. Over 99.9% reduction of E-coli and Staphylococcus aureus after 24 h on the surface tested by using the Japanese industrial standard JIS Z 2801.

ANTIBACTERIAL ACTIVITY

Bacteria transfer directly from human to human or indirectly via objects and surfaces.

Today we know that to reduce indirect infections heavy cleaning is necessary but it is not enough.

To prevent their growth, conditions where bacteria cannot survive must be created.

Silverlam panels consist of a surface layer impregnated with a resin with added silver ions.

To produce them, Arpa uses Silverright technology by Coveright. Silver is the active ingredient that guarantees this antibacterial efficiency. This extra protection in suppressing and actively destroying harmful bacteria is evenly distributed across the whole surface, ensuring safety even in hard-to-reach areas.

Arpa Silverlam complies with Regulation (EU) No 528/2012 (BPR, Biocidal Products Regulation).

APPROVED FOR FOOD CONTACT

Silverlam is physiologically safe, hygienic and suitable for contact with food according to Regulation (EU) No 10/2011 and following amendments (condition of use reported in the Declaration of conformity).

Silverlam is also NSF certified. Therefore, it is suitable for use as work and nonwork surfaces of food service equipment on which direct food contact during normal preparation or holding operations is not intended, expected, or reasonable.

Features

- Antibacterial
- Hygienic
- Easy to clean
- Impact resistant
- Heat resistant
- Scratch and wear resistant
- Suitable for contact with food

Applications

- HEALTHCARE
 - Hospitals and operating rooms
 - Medical Analysis Centres
 - Laboratories
 - Nursing homes
- PUBLIC AREAS
 - Public buildings
 - Schools
 - Swimming pools
 - Gyms
- HOME
 - Kitchens
 - Bathrooms
 - Children's rooms
 - Pet areas
